Rwamatamu coffee farm and washing station are located in the Western province of Rwanda, where the landscape consists of picturesque rolling hills flanked around Lake Kivu in Nyamasheke District.

This region provides a tropical highland climate with an average temperature of 14 to 24 c and regular rainfall. This makes arabica coffee to flourish and result in a dense, hard bean with superior coffee flavor.

The farm is positioned on 1600 up to 2000 meters altitude, on a rich volcanoes soil. The harvest season is January to March.

Rwamatamu Coffee Ltd is a family owned and operated business. As a family we wish to bring a positive social and economic impact in the region focusing on women as they are the backbone of the society.

We work together with cooperatives of coffee farmers who live in the area. 80% of our employees are women.

Our goal is to build healthy relationships with the community based on common values and goals.

This is done by committing to a regular purchase of beans and investing in the growth of our employees. They also commit to our standards of quality each year.

Rwamatamu coffee is high quality 100% Arabica processed in using modern technics that meet international standards in preserving the intrinsic quality characteristics of the Bourbon varieties.

The washing station Rwamatamu coffee offers a high quality production a priced worldwide.

It has been sold not only in USA but also in Sweden.

Rwamatamu coffee ltd participated and was greatly qualified in Cup Of Excellence, coffee competition .
