History

Akagera Coffee project Ltd (ACP) is a Social Private Enterprise with head office located at KG 176, st - Rwanda. The Company has started by building Akagera Coffee Washing Station in 2016 at akagera road, Kayonza District in Eastern Province under the support of Kula Project, Inc. The Coffee Washing Station has built in order to produce the harvest of Rusave Farmer's Coffee Cooperative (RFCC) members and other coffee farmers in that's area; ACP Ltd started to be fully in operation as Akagera Coffee Project Ltd since 2017. We are driven social enterprise where we invest 30% of our net income

into cooperatives to support the community through field farm school, providing farming input like coffee and shade trees seedlings and we have initiated cow for coffee farmer project where we have started with 5 cows in 2022. We are even establishing ECD (Education Center for Development) that are operating as pre-school to take care on kids that are belong to 3 to 5 years old and we do use that's platform as running process of their mothers to fight against malnutrition and we have also a women center that is used as tailoring class for younger women.

Mr. Egide MURINDABABISHA, who founded the Akagera Coffee Project Ltd a company that owns Akagera Washing Station and Mukama Coffee Washing Station, he is part of a young generation of thought leaders committed to innovating the coffee industry in Rwanda.

Our Vision:

We are committed to invest enough in coffee production, ACP Ltd is a coffee tourism and research center (like On Farm Treatment Trials and Biochar) for a wealthy world by building capacity among farmers so that they can promote coffee growing as a profitable business.

Constantly, ACP has also an effective, practical and fun way to make a positive impact on people, widening our circle of impact broadly along the way.

Mission of:

- Blanding a Rwanda as regional coffee with the principles of quality and traceability;
- Promoting farmers practice to move on agribusines level to professionalism;

Our Value:

Passionate with quality of coffee and farmer of quality.
